

WASHINGTON NORTHEAST SUPERVISORY UNION

CABOT SCHOOL – TWINFIELD UNION SCHOOL

POLICY F9

TRANSPORTATION

Policy

Where it is reasonable and necessary to enable a student entitled or required to attend an elementary or a secondary school operated by the District, the District may furnish transportation on public roads to students who reside within the District. The district may provide transportation to non-resident students as authorized by the school board. Accordingly, the Washington Northeast Supervisory Union and Cabot and Twinfield Union School Districts have decided to furnish transportation under this policy.

The superintendent will establish routes and designate stops after considering both the safety of children and efficiency of operation. The superintendent will consider the following factors when determining routes and stops.

1. The age and health of pupils,
2. Distance to be traveled,
3. Condition of the road, and
4. Type of highway.

The superintendent may consider any other factors he or she deems appropriate when establishing routes and designated stops.

The superintendent shall submit to the school board for approval any contracts, leases or purchases necessary to maintain and operate transportation equipment, and shall include in his or her annual report to the board information as to all pupils transported by the school district and the expense thereof.
